

Warsaw Little League

2023 Sponsorship Opportunities

Dear Community Partner,

Youth baseball & softball programs delivered by Warsaw Little League Benefit over 600 local kids per year, as they learn and develop the skills of baseball and softball in a positive, caring environment. Little League in our community not only benefits our youth – approximately 25,000 fans visit the park each year to watch either Little League or Warsaw High School games and enjoy a day at the park!

Sponsorship from local business is vital to keeping our programs running and our grounds maintained to a high, safe standard. The Board of Warsaw Little League takes great pride in our Bogg's Park home, and sponsorship signs are well-maintained and highly visible to all who enter the park.

We need your help now more than ever, because for the first time in over 25 years, Warsaw Little League is thrilled to announce a newly formed league for Girl's Softball! This is new territory for us, and will be a challenging and rewarding experience for the community as we offer a new and exciting opportunity for the young ladies in our area!

Please consider joining us to keep a tradition of excellence alive in 2023 with one or more of the following sponsorship opportunities:
